## **STAR Insights**

The day starts with insights in the current status and future direction of STAR, including updates to STAR Suite and its roadmap.

## **Trends from the industry**

After a coffee break we continue exploring trends from the industry. Supply Chain, Maintenance, AI, OT Data/Security are some of the topics we are happy to present.

## **Break out sessions #1**

First and foremost, this is your chance to help shape the future of STAR's products. Share your perspectives, influence the direction of development, and make your voice heard.

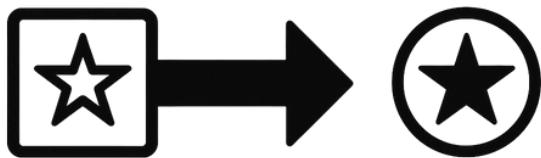

## **Conference dinner**

After a full day of inspiring sessions, join us for an evening of warmth and hospitality of South Africa. Savour international flavours at PAARL, where tradition and adventure meet on your plate. We look forward to sharing this memo

# DAY 2

## Elevate with STAR

This day is focused about adding value, through software, services and partners.

## Experience from Transitions

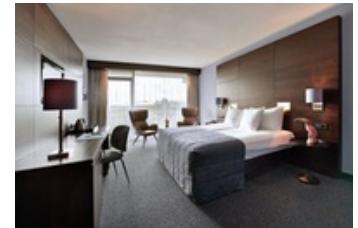

Then we are going to hear real life cases about transitions and what we can learn from this.

## Break out sessions #2

After lunch we will continue the conversation with focused discussions on today's themes and connect further by exploring how you can Elevate with STAR.

STAR employees will remain available for meetings Friday, the day following the conference, up to 12:00. We encourage you to take advantage of this opportunity and book any meetings you may require during this time.
